innovative Ignition Systems.

WARMING TRENDS®

SUPERIOR FIRE FEATURE SYSTEMS

PERFORMANCE

We deliver the tallest, brightest, most natural flame while consuming less fuel. Regardless of the fuel supply, a Warming Trends system will provide the best flame in the industry.

USA MADE

We design, manufacture, and build all Warming Trends' products in our Colorado facilities resulting in outstanding quality and reliable lead times.

LIFETIME WARRANTY

Our Patented CROSSFIRE® burners are rust and corrosion resistant and backed by a lifetime warranty.

GREEN

All of our 100% brass burners and plates are sustainable, recyclable, and US-sourced resulting in a smaller carbon footprint. Environmentally aware, our patented burners are the most fuel-efficient on the market.

DON'T SETTLE FOR **LESS.**

Competitor Burner with 180K BTUs

CFB180 Original CROSSFIRE® Brass Burner

BURNERS & PLATES

Purchase a burner or the whole kit - including plate or pan, ignition system, flex line kit, and key valve.

CUSTOM DESIGNS

Creative solutions expertly designed to fit the exact specifications for your custom project.

READY-TO-FINISH KITS

Simple and fast fire feature construction. Ready to install and complete with media and veneer.

UNIVERSAL PAVER KITS

Convert your paver kit to gas. Standard size ranges available for most paver block kits.

ACCESSORIES & ELECTRONICS

Steel log sets, ceramic logs, glass and stone media, electronic ignitions, and aluminum covers.
